

Peace Hope Of LTO, Board

By MARGE RATCLIFFE

LOCKPORT -- Harold Scholle, superintendent of District 205, said that the district has requested the presence of a mediator from the Federal Mediation Service. It is hoped he will attend a meeting of the personnel committee of the high school board and the negotiating committee of the Lockport Teachers Organization (LTO).

The meeting between the groups was scheduled for last night, Oct. 7.

According to Scholle, the mediator will explain to all interested parties how mediation works and how it can help solve the particular problems causing dis-

PROMISE MEDIATOR TO HELP SETTLEMENT

LOCKPORT -- Carl Bowen, assistant regional director of the Federal Mediation Service, told the Southwest Graphic Monday that a joint request for the services of a mediator had been received the same day.

Bowen said that an experienced mediator has been

assigned to a meeting scheduled last night. Bowen, contrary to an explanation offered by Harold Scholle about what was expected to take place at the meeting, said the mediator would get right to work and did not have time for prolonged explanations.

Bowen did not estimate how long it would take to assist the District 205 board and the Lockport Teachers Organization.

Last week, the board and LTO agreed to secure a mediator to help settle a contract dispute.

According to William Brill, president of the District 205 high school board, a total of five calls were received by the various board members, and these calls supported the board's position.

Leonard Moore, president of LTO, agreed that although the response was not large, he was confident that at least the public is now aware of the teachers' problems. Regarding the "distress day," Moore said, "We feel that we were successful in that a mediator has been called in."

All parties have expressed hope that an agreement may be reached soon. There are five major areas being contested by the teachers and

school district. These include teacher work load, severance pay and administrative authority.

According to Scholle, the mediator, at this time, will only explain the mediation process. Continued consultations have not been assured.

Teachers in the three Lockport area high schools did not work last Tuesday as a demonstration protesting alleged unilateral changes made by the school board in a new contract with the LTO. Students got a free day Tuesday, but the day will be made up later in the year. Teachers returned to work Wednesday, and classes resumed.

Pass Bond Issue

NEW LENOX -- New Lenox voters approved the issuance of \$300,000 in general obligation bonds for the expansion of the village sewage facilities in a vote on Saturday.

The approval seals a commitment to sell \$270,000 in general obligation bonds at 6½ per cent interest to the New Lenox State Bank and Hornblower and Weeks - Hemphill, Noys of Chicago. The bank will take \$50,000 in bonds, and \$220,000 will be taken over by the Chicago company.

A total of 371 residents voted in the special election, with 254 favoring the issue and 116 opposing it. One ballot was spoiled.

According to Mayor Joseph Hartung, village officials had expected a lighter turnout. In the last hours of the election, secretaries conducted a telephone campaign to remind residents to vote.

The village's recent failure to sell \$1.2 million in revenue bonds for financing a new water system and sewage plant expansion necessitated separating the projects.

The Illinois Sanitary Water Board is requiring New Lenox to expand sewage facilities to prevent future pollution of Hickory Creek.

The possibility of issuing approximately \$875,000 in revenue bonds for a water system will now be considered by the village board.

At present, the 600 homes in New Lenox are served by private wells.

Land Is City's: Saxon

LOCKPORT -- Sam Saxon, an attorney hired by the Lockport City Council to investigate the legal ownership of block 69, had advised the council of their "responsibility" to determine ownership of the property.

Block 69 is better known to Lockport residents as Central School. Saxon reported the findings of his search into the history of the

site to the council at a Monday night meeting.

Saxon produced a copy of a plat dated 1837 on which block 69 is marked as a "public square." Lockport did not become a village by charter until 1853. At the time of the charter, it was understood the new trustees would take over all public ground.

Block 69, listed as a public

square, came under that category, according to Saxon.

Saxon also had copies of the original minutes from early trustee's meetings. He read an entry dated April 1, 1857, which said that a petition had been presented to the trustees signed by 157 legal voters requesting the privilege of erecting a school building on the public square. Permission was

granted and a school building was built in 1857.

The school burned to the ground in 1895 and was rebuilt in 1897. That structure remains. It has served as a school until last spring when it was vacated by School District 91.

It was the intention of the school district to sell the school property. However, Saxon questions the theory

that the city gave up its rights to the property back in 1857 when it first granted use of the property as a school site.

Saxon pointed out, however, that opinions are "of very little value unless they are backed up by the judgment of a court."

Candy Sale For Blind Is Friday

SOUTHWEST -- Lions Clubs in all area communities will be at intersections and business areas Friday exchanging familiar candy rolls for contributions which support assistance programs for the blind. In Lockport, sales will also be Saturday.

Proceeds of the sales by all the local Lions Clubs are used for the Hadley School for the Blind, for the Lead-

er Dogs for the Blind program, other services benefiting the blind, and for local Lions Projects.

IN LEMONT, the traditional "Help the Lions Help the Blind" candy sales will be Friday. The Lemont Lions have urged each and every member of the community to participate.

"The services to be provided for the blind and visually handicapped are of

paramount importance," according to Ray Kuebler, president. "We look forward to your generous contribution."

IN MOKENA, FRANKFORT, NEW LENOX AND ARBURY HILLS, Lions Club members will conduct the candy day sale. Members of the clubs will man street-corners in the villages, and posts at shopping centers and banks.

IN LOCKPORT, Lions Candy Day for the Blind will be held Friday and Saturday.

Roy Sprague, this year's chairman, announced the Lions will cover the downtown area, the bank and local shopping centers. They will also sell candy during the Homecoming Parade and at the football game Friday night.

Sprague said, "This year's candy sale will be bigger and

better than ever!"

Poppy Day

LOCKPORT -- The Lockport War Mothers will hold their Poppy Day Friday, Oct. 10. The sale will go on all day.

The poppies are made by veterans as a rehabilitation project. Proceeds from the sales help to support ten Veteran's Hospitals.

Asking PTA Participation

LEMONT -- October is membership month for the Lemont Consolidated Community School District 113, according to Mrs. Regis Mathy, PTA membership chairman.

Mrs. Mathy said that the theme of the membership drive is "Communicate Through PTA."

"As our community grows and we rush to meet our ob-

ligations, the lines of communication become more important and often times harder to find. Help the PTA help you to keep the lines of communication open between parents, school and child. Join today," she urged.

Mrs. Mathy pointed out that each school child has received a letter with an invitation to join to bring to parents.

FIRE FIGHTERS from Uniroyal, Inc., operating contractor of the Joliet Army Ammunition Plant, display a three gun aerial salute in recognition of National Fire Prevention Week, Oct. 5 to 11. Uniroyal personnel will again observe the annual event. This year's programs act as a kickoff for the continuous year long fire safety campaign. The theme for this year's fire prevention campaign at JAAP is "Kindle the Desire to Prevent a Fire."

It's National 4-H Club Week

INDUSTRIAL ARTS Department teachers, at Lockport East recently completed a week of orientation for students in industrial education courses. Students heard guest lecturers and were given instruction in shop safety, production and the importance of accurate measurement. Tak-

ing part in the program were, from the left: Robert Weller, chairman of industrial arts; Harold C. Schelle, superintendent of Dist. 205; Davis McFadden, shop teacher, and Anthony Capista, shop teacher.

Display 4-H Story

SOUTHWEST -- Area 4-H Clubs are taking part in a window display contest to promote national 4-H club week, which is this week.

Club members have selected local store windows and with cooperation of merchants are presenting displays they have designed and made. These tell the 4-H story.

Locations of window displays are:

Rainbow Jamborette Soon

SOUTHWEST -- Boy Scouts and Explorers from a three-county area will converge on U.S. Government property at the Army Ammunition Procurement and Supply Agency, Oct. 17 and 18, to participate in the annual Jamborette, the largest single activity of the year for the Rainbow Council Boy Scouts of America.

Council officials have named Louis Borbely, a Joliet department store executive, general chairman of the event. Borbely, who currently serves on the commissioner's staff of the Thunderbird District, has been active in scouting for more than 29 years.

In announcing the chairmanship, Rainbow Council

officials said this year the Jamborette will be designated "Apollo Jamborette 1969" in honor of the country's achievements in space.

Scouters from three districts, Thunderbird, Kankakee and Shabbona, representing Will, Kankakee and Grundy Counties will participate in the annual event. A group of 569 boys from

the Will/Cook/DuPage area will be among them: 53 boys from Lemont and Bolingbrook, 366 from Lockport and Hampton Park, 39 from Frankfort, 64 from New Lenox, and 47 from Mokena.

In cooperation with U.S. Army officials at APSA government property 13 miles south of Joliet, the original Joliet arsenal, was secured as the site of the event. Theme of the Jamborette was adopted after Astronaut Neil Armstrong reflected on his days in the scouting program, calling scouting "A plus factor in my life."

One of the featured attractions at the Jamborette will be a large scale model of the Apollo 11 Spacecraft, which is being sent to Joliet by the Houston Space Center. One of the advisors to the U.S. Space Program is scheduled to accompany the exhibit.

Borbely said the Apollo Jamborette, like all council and district-wide activities, has three basic objectives. First to provide an adventuresome activity for the boy; second, to motivate the troop to action by stimulating and challenging the adult leaders to carry out a quality program of camping in preparation for the Jamborette, and, finally, to interpret the program of scout camping to the general public.

road opens, motorists could by-pass Frankfort.

The project was previously delayed when Frank Fleck, a rural Frankfort farmer, refused to sell his land. Fleck recently agreed, in a pre-trial conference, to sell the 1.48 acres needed for the roadway for \$8,100. The payments will also cover costs of drilling a new well, moving a tool shed, a gas pump and tank and a corn crib, plus damage to land not being taken.

Costs of the extension, according to Cousins, increase daily due to inflation and possibly outdating the original appropriation of \$300,000 for the project in 1968.

Completion Date Set For Laraway

FRANKFORT -- A final easement transaction is the only thing that could not hold up a September, 1970 completion of the extension of Laraway Rd. from Center Rd., south of Frankfort, to Harlem Ave., according to Will County highway officials.

Roy Cousins of the highway department said county officials are working toward buying the last of 13 parcels of land needed for the extension. They are aiming for completion of the transaction within 30 to 45 days.

"Then we'll start the designs," he said. "Our plans now are to advertise for construction bids in April with a tentative date of Sept. 1

set for opening the road to traffic."

Fire Hurts JC's Theme

ROMEOVILLE -- "Fire Hurts" has been taken as the slogan for a fire prevention drive inaugurated by the Romeoville Jaycees. Elimination of home fires is the prime aim of the drive.

Jake Jakubowski, spokesman for the group, said there have been 64 home fires this year in Romeoville.

Posters and pamphlets will be distributed in the community.

Honor Leaders

WILL COUNTY -- 4-H club leaders are being honored this week, which is national 4-H club week.

Here in Will County, these are persons helping make the program a success:

'Adventure' Series Is Announced

LEMONT -- The popular "Passport to Adventure" series will again be featured this year by the Lemont Lions Club. The first presentation of the six-part offering is Tuesday night, Oct. 14 beginning at 7:30 p.m. at the Lemont Grade School.

Tuesday's feature will be "Timbuktu, Africa and Beyond" and will be given by Romain Wilhelmsen who produced the full-screen, full-

color motion picture.

The series' other presentations will be once a month through March. Highlight will be Israel, Ireland, the Pacific Northwest, Portugal and Holland.

The series brings educational, wholesome, enjoyable entertainment to the area at reasonable prices. Proceeds are used by the Lions for assistance projects for the blind.

Tickets are available from Lemont businesses and from Lions Club members. An adult series ticket is \$6, stu-

dents, \$3.50. Individual tickets are \$1.50 and \$1 respectively.

Advance tickets can be obtained by telephone: Lemont, (312) 739-1406 or Joliet (815) 726-2694. Mail requests should be to Lemont Lions Club, Box 10, Lemont, 60439. Tickets will also be available at the door.

Romain Wilhelmsen's residence is in East Lansing, Michigan. He attended St. Joseph's College, in Indiana, and is a graduate of Pasadena Playhouse, California, training school for the stage. He started his film-lecture career in 1953, and estimates that he has appeared, in person, before more than

2,000 audiences.

"Timbuktu and Beyond" is in deepest Africa. West of the Mountains of the Moon, and last of the old slave pens of Dakar, is the ancient city of Timbuktu, as remote as Tibet, and as legendary as Carthage to the north. Through many countries with strange and colorful customs, Romain Wilhelmsen traveled to reach the fabled Timbuktu.

\$30,213 Buys Land For New Sanitary Unit

ROMEOVILLE -- Village officials voted last week to purchase six and seventh tenths acres of land for extension of the sanitary disposal facility east of Rt. 53.

The project is required under state law, and it has been underway for several years. The land was obtained from S. Thorsen, with E.B. Abrahamson as escrow agent. The price was \$30,213.

The intersection of Arlington Drive and Dalhart Avenue, is closed to traffic for several days starting Oct. 2.

Planning commission board members headed by Leo Osborne, recommended zoning changes for the Alexander Construction Company. One lot in subdivision eleven, block 1, lot twenty three, for rezoning. Relocation of Devonwood Avenue in the industrial park area, to align the street with Naperville Road for the installation of traffic lights. The latter of the changes is a state requirement.

Halloween hours were set for trick or treating. Children ten years of age and under will be out from 3 p.m. to 5 p.m. Those over ten years will be out from 6 to 8 p.m.

John Strobbe, recreation director, requested funds

be credited to the recreation fund, as tax money is being received in small amounts, Board members voted \$2,000 which must be repaid.

Jerry Capps, trustee, demanded a letter of explanation be obtained from Alexander Construction Company on the subject of repairs to homes south of 135th Street. Capps said reports in local papers seemed to be inaccurate. Members voted to ask for the clarification.

Harry Betzel, building and grounds chairman, reported that the bid for carpeting for the council room and mayor's office has been awarded to Sears Roebuck. Total price is \$1,155 for 150 square yards. Remodeling of the police department was discussed, lighting for the council room, water department and police department

were also discussed with decisions to be made later.

Bids are to be sought for another village garage to be built near the disposal plant.

Trustee Jerry Capps asked to be dismissed at 8:25 p.m.

Three ordinances were read by Trustee John Venengia. They all relate to the reconstruction of Normantown Road and are required by the state. No storm sewers and sanitary sewers are to be connected. Parking will be prohibited on both sides of Normantown Road from Route 53 to Luther Drive, and parking will also be banned on both sides of Luther Drive from Normantown to Naperville Road. No buildings will be allowed on right of ways and will also prohibit signs.

Mall Land Sale Is Delayed By Rails

MOKENA -- Village Attorney George Sangmeister reported to members of the Mokena Village Board that the Rock Island Railroad is holding up the purchase of property which the village will use for a mall and parking lot.

According to Sangmeister, a written agreement in the form of an ordinance was to be passed at the last meeting, but an official of the railroad's real estate department failed to provide him with the necessary specifications for the ordinance.

Officials are hoping to purchase land around the railroad depot at a cost of \$10,000 for use as a mall and parking lot. They previously anticipated that the land would cost \$19,000.

The railroad is stipulating in the transaction that the land be used only for parking, so its commuters will have a place to park. This stipulation allowed the village officials to bargain for a lower selling price. The railroad recently added an

additional 25 feet behind the depot to its offer.

Also under negotiation is a corner lot on Wolf Rd. and Front St., which is within the 100 by 900 foot area to become part of the mall and parking lot. The land is owned by Sheldon Hauck who is willing to sell the land for \$11,500.

Chamber of Commerce and interested individuals, organizations and businesses have donated \$6,000 as a down payment on the land. The rest of the money will be raised through a ten-year loan from the Mokena State Bank.

Senator Everett Dirksen.

The Lions also donated flags for replacements.

The decision to take down the flags until Memorial Day 1970 was decided upon because the flags were wearing out faster than anticipated.

Among other board action was the decision to set hours for trick or treating on Halloween from 6 to 9 p.m. Approval was given for a Chamber of Commerce sponsored Halloween parade on Oct. 30.

Trustees will look into the possibility of adding a room onto the village hall which has become increasingly crowded as the village business expands.

Avenue Now Town's Care

NEW LENOX -- Formal acceptance of an "Avenue of Flags" in New Lenox was made by the board at their Oct. 1 meeting. The flags were placed by the New Lenox Lions Club.

The village accepted the responsibility of maintaining the flags which trustees said were to be taken down this week following the mourning period for the late

Expand 'Agricultural Occupations'

NEW LENOX -- Lincoln-Way High School's agricultural occupations program is tailored to the needs of students and community.

Students can learn to repair lawnmowers as well as farm tractors; to landscape a lawn or fertilize a corn crop; to care for a horse, dog or cat; or build a wood project. While an experience program is required in each course, non-farm students may have programs suited to town life.

An important part of Lincoln-Way's program is on-the-job placement of seniors in farming, agricultural businesses, or farm related industry.

During their junior year, agricultural occupations students study job opportunities, business procedures, and their own skills and qualifications in an effort to determine the kind of work for which they are suited and in which they are interested. Techniques of job interviews are learned.

Instructors and guidance directors help the students select jobs in their areas of interest. At the end of the junior year, placement is begun for those who elect it. Although most trainees are seniors, a few students are placed during their junior year.

In agriculture supply and service, seniors work on advanced business techniques applicable to their own particular job, employer relations, sales techniques and record keeping.

The agriculture curriculum offers something for each of the 266 students, largest agriculture department in Illinois. Probably the fastest growing phase of Lincoln-Way's agriculture program is in the area of ornamental horticulture. Taught by Roger Ross, the three courses offered in this area include basic principles of landscaping and lawn care, plant identification and propagation flower arrangement, flower gardening and nature of soils.

While new areas of vocational agriculture have been developed at Lincoln-Way, a strong program in production agriculture has been continued. This includes courses in plant and soil science, animal science, and three courses in mechanics.

Agriculture electricity and construction

taught by Marty Thornton, department chairman, includes basic electrical controls for automation, and the care, maintenance and operation of electric motors.

In agriculture power and machinery, Ron Olson teaches maintenance and construction of farm power machinery, including small gas engines such as lawnmowers and turf cutters.

Should a student enroll in agricultural engineering, he would learn of practical

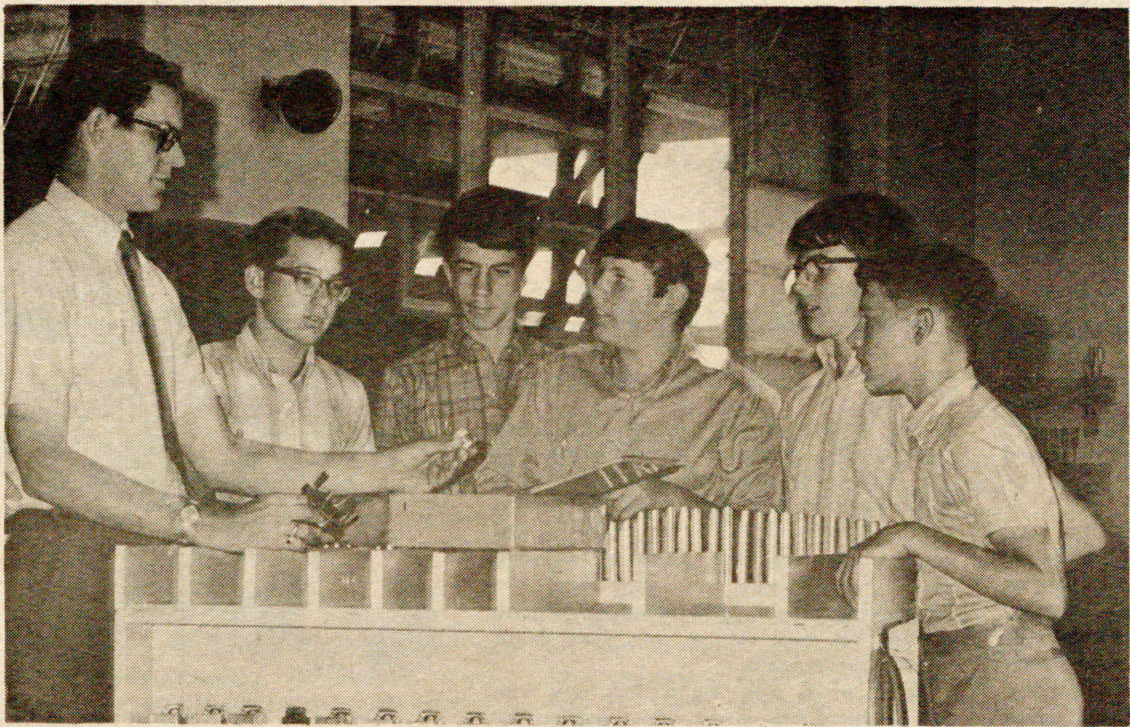

surveying, practical plumbing, concrete construction, farmstead arrangement and building design, welding, and wood and metal construction.

College bound seniors are given an opportunity for advanced study in agriculture senior seminar. Here, they learn of soil and fertilizer relationships, advanced farm management and other areas of personal interest.

Students have a chance to apply what

they learn in the classroom on the school's land laboratory. Part of the laboratory is behind the school and the remainder is on Route 45 north of Frankfort. The experimental laboratory is composed of some 45 plots planted in corn, soybeans, hay, and trees.

Various weed control, fertilizer and tillage practices are employed on the farm and give students an opportunity to see theory put into practice.

ROGER R O S S, instructor at Lincoln - Way High School, demonstrates the function of fuses in a main fuse box to students in the agricultural occupations

course. The students are, from left, Larry Becker, Rich Koller, Al Thompson, Paul Schmaedeke, and Steve Martin.

Recruit Scouts

LOCKPORT -- School Night for Scouting will be held Thursday night, Oct. 9, at 7 p.m. at Taft School. All boys eight years of age and older and their parents are invited to attend.

"There is fun and excitement in scouting," says cubmaster Carl Humphrey. Assistant cubmaster Fred Wiltgen notes that parent participation is needed to make the scouting program a success.

Boys interested in entering the scouting program are asked to fill an information form and give it to their respective Cub Scout or Boy Scout leader at the School Night for Scouting.

Students Come First

The one-day walkout of District 205 teachers last week emphasizes the urgent need for greater understanding on the part of teachers, administrators and school boards.

The educational institutions of our state as well as those in other areas of the United States are undergoing one of the most critical periods since their inception. Students seek reforms in courses, teaching methods, administration and conferring of degrees. Teachers are demanding some of these same changes as well as increased salaries, fewer working hours and few extra-curricular responsibilities.

Administrators, striving to maintain some semblance of order, become the buffer between the school boards and teachers. These harassed individuals find the present-day effort of administering is likened to that of a diplomat at the United Nations. Much talk... much hard work... and little, if any thanks.

The school board is made to look like the villain by many when in fact they have vacuumed up every penny in the treasury to permit adequate salaries

and better facilities for students and teachers.

The taxpayers who furnish the funds are rapidly becoming disenchanted with the actions of students and teachers in their never-ending battle of differences and indifference. There are many in our society who feel the pinch of a rising cost-of-living. Many do not have the bargaining power of a union or organization. Yet they survive and find things not too burdensome.

Those of us who would find fault with the youth of the world, who demonstrate and occasionally display little or no respect for legally constituted authority, must find a solution. Continual bickering over minor points in contractual agreements cannot be tolerated in public atmosphere free of adult dissension. If they are to find the better society which they seek, we must all try harder to give them a better example of adult thinking and action.

All sides must forget whatever animosities might be present, if any, and face up to their responsibilities. That first responsibility is to the children who look up to the teacher in the classroom as a prime example of the "establishment."

Opportunity Offered

"4-H: Opportunity For All" is the theme for National 4-H Club Week, taking place this week.

This theme was chosen to emphasize the fact that 4-H is meant for any boy or girl between the ages of 9 and 19. Both urban and rural youth are encouraged to join or start a 4-H club and take part in the many exciting projects and activities.

The theme also has meaning to the adult leaders of 4-H clubs here and throughout the country. They have what may seem to be a thankless job at times. But, they are helping to make the youth of today much better future citizens.

The leaders reward is not monetary. It may be a smile on a proud youngsters face or a sense of pride as the 4-H'er accomplishes their goal. So, there are rewards. And to them, they are much better than money.

One activity 4-H'ers participate in this week is the Window Display Contest. Club members select a local store window and design a display for it that tells the 4-H story. The displays are then judged and winners are selected.

Talk to one of Will County's 1,400 4-H Club members and you, too, will find that 4-H is an opportunity for all!

Prevent Fires

Take a few moments to think of how fire can strike, urges the Lemont and other area fire departments during this Fire Prevention Week.

Officials point out that very few parents allow their children to play on the edge of a busy street. But many times the same parents overlook a hazard just as threatening - leaving small children at home alone while they go to a nearby store or to a next-door neighbor's.

All too often, these few moments are all that fire needs to do its deadly work. The shocking fact is that one-third of all child fire victims was alone and unprotected when fire struck, National Fire Protection Association studies show.

If you would protect your children from fire at home and at play, follow these precautions:

1. Never, under any circumstances, leave small children alone.

2. Make sure baby sitters have specific instructions to follow in case of fire. These include orders to get the children out of the house the instant smoke or gas is noted, directions for at least two escape routes from every room, and the way to get in touch with the fire department, parents, doctor and police.

3. Keep young children - two and under - in constant sight and mind.

4. Teach older children how to use and respect fire. They learn best by your example.

5. Keep your home free of fire hazards through regular check-ups. The fire department will help in this.

6. Train children of all ages how to get out of the house to safety in case of fire. Have at least two escape routes from every room, and be sure the children know these routes by heart.

Support Lions Sale

Why does a Lion stand on the corner with that familiar canister in his hand? Because he wants to make his neighborhood, his town, his state, his country, his world a better place to live in.

What does he do with the money that clinks into the canister? It may be used to support Hadley School for the Blind or Leader Dogs for the Blind, or to send a visually handicapped youngster to

Illinois Camp Lions, or to give Dialogue, a recorded service for the blind to some blind person, or for sight conservation, or for any one of a hundred other projects for the visually handicapped.

Letters To The Editor

Costs Equal Value

Editor:

Not being much of a letter writer, I am surprised at myself this morning. This is in response to a letter I have just read from a Mr. Ralph Wick printed in your paper on Wednesday, Oct. 1.

My children are still quite young, so my experience in the present school systems is limited. But each day now, I am more impressed at the changes and advances in education. Certainly, I also remember my parents only supplying pennies for pencils and paper for school. But I don't remember special aids in learning such as: special reading programs, counselors to help those children who were troubled, only a few really understanding and prepared teachers, mathematic and science programs in primary grades, teaching aids (film strips and other equipment), physical fitness programs for the very young and on up, and many more advances which I do not have the time to list.

I also don't remember having the knowledge and awareness that my child has at the same age. In this fast and advanced culture the children must certainly cram so much more knowledge into their heads, and the schools are certainly making every effort to help them.

Certainly all these extra fees make a dent on our budgets. But my husband and I also felt as we had our children, that our primary responsibility in bringing them into this world was to supply them with the tools to help them survive as mature educated adults in this competitive, overpopulated world. I want more children desperately, but I'll deprive myself in order to make sure that the ones we already have can be properly equipped. We cer-

tainly owe them that much.

Why would regular physical and dental examinations be such a burden? Isn't that another part of our parental responsibility? We always thought that looking after our kids' teeth and physical condition was a normal part of child-rearing.

In these days of ever-increasing inflation, I am only glad that the taxes which we pay are still able to cover a decent school building, well-equipped teachers, etc. Though we also have trouble making ends meet, we'll supply anything and more in order to educate our children.

Since Mr. Wick so often alludes to parochial schools, perhaps he should try one. Our small experience in sending our child to a parochial school showed us that the cost was almost prohibitive, and the educational facilities were not to be compared with our public schools.

Perhaps somewhere in this world Mr. Wick will find a less costly place to send his children to school, but let me remind him that in these days of automation, dish-washing is almost non-existent, and even gas pumpers must be diversified in order to make a living. If this is what Mr. Wick wishes for his children.

We are proud of our schools, and since the future of our children is in their hands, we'll do all we can to support them.

Sincerely,
Mrs. Earl Frischkorn

P.S. I do not feel that a towel fee is too much to ask, since I do not even remember being provided with showers when I was a child.

Social Security Hikes Add Taxes

TELL TRENDS IN PROGRAMS AND ISSUES FACING CONGRESS

(Copyright, 1969 By Congressional Quarterly, Inc.)

WASHINGTON -- Congress has made extensive changes in Social Security nine times since it first set up the Social Security System in 1935. Benefits have been increased, coverage has been extended and payroll taxes have been raised.

A growing gap between the income of the elderly and their economic needs is again putting pressure on Congress to increase benefits. Increases may be made this year rather than in 1970, even though traditionally Congress enacts Social Security legislation in election years.

The Social Security Act of 1935 set up a federal old-age insurance program financed by payroll taxes. From its inception Social Security has been the major form of retirement insurance protecting the nation's workers. Persons receiving Social Security benefits or who would be eligible to do so if they retired make up 92 per cent of the over-65 population, according to the Social Security Administration.

Increased Benefits and Taxes

The 1935 Act established that a person was entitled at age 65 to a pension to be earned through payroll contributions over his entire working life. To finance increased benefits, Congress has raised the payroll tax and the wage base on which the tax is assessed.

Until 1949, combined payroll taxes for employers and employees were set at 2 per cent, computed on a wage base of \$3,000. Combined payroll taxes are now 9.6 per cent, including 1.2 per cent for medical care, and are computed on a wage base of \$7,800. The employer-employee tax rate is scheduled to rise in January 1971 to 10.4 per cent, including medical care.

But a 10-per cent across-the-board increase in cash benefits could be fi-

SOCIAL SECURITY BENEFITS AT A GLANCE

Social Security payments have risen steadily over the years. Maximum and minimum benefits for a fully insured worker under each successive Social Security law are listed here, along with actual average payments.

1935 law --	\$85 maximum, \$10 minimum.
1939 law --	\$60 maximum, \$10 minimum, \$22.60 average.
1950 law --	\$80 maximum, \$20 minimum, \$43.86 average.
1952 law --	\$85 maximum, \$25 minimum, \$49.25 average.
1954 law --	\$108.50 maximum, \$30 minimum, \$59.14 average.
1958 law --	\$127 maximum, \$33 minimum, \$66.35 average.
1961 law --	\$127 maximum, \$40 minimum, \$75.65 average.
1965 law --	\$168 maximum, \$44 minimum, \$83.92 average.
1967 law --	\$218 maximum, \$55 minimum, \$85.37 average.

nanced without increased payroll taxes, according to the latest estimates of the Social Security Administration. Payroll taxes are paid into two Social Security Retirement Trust Funds. The trust funds now have a large surplus, for the most part attributable to a rise in personal taxable earnings.

Coverage Broadened

Originally, monthly pensions were available only to an insured worker at age 65. Beginning in 1939 Congress gradually extended coverage to dependents of an insured worker while he was alive, to his survivors after he died and to disabled workers and their families. The minimum retirement age was lowered from 65 to 62 for women in 1956 and for men in 1961. But if a worker chooses to retire before his 65th birthday, his

benefits are permanently reduced. The extent of the reduction depends on how close to 65 he is at retirement.

Congress in 1939 made Social Security coverage mandatory for any type of work except activities specifically exempted. Coverage was extended to exempted groups over the years, until today the only persons not included under Social Security are some self-employed farmers and domestic servants who do not meet minimum earnings tests, employees of some non-profit organizations, clergymen who have not elected to participate and any other workers who earn less than \$400 a year.

A worker is considered "fully insured" and permanently eligible to receive a monthly old-age pension on reaching retirement age once he has

completed 40 quarters of covered work. No worker has to work more than 40 quarters to be fully insured.

But because some workers had less time in which to accumulate credit for work in covered employment, Congress in 1939 made some workers eligible for benefits with as little as six quarters of work. Workers already advanced in age when the old-age insurance system went into effect, or whose occupational group was brought under coverage after 1939, are all excepted from the 40-quarter requirement.

Issues Confronting Congress

The major issue confronting Congress in considering Social Security legislation is the percent by which benefits should be increased to assure basic economic security to the elderly.

Other issues likely to be debated include:

Raising benefits for special groups such as widows or those now receiving only the minimum benefit. A widow of a fully insured worker now receives a monthly payment from age 62 equal to 82½ per cent of the pension her husband would receive.

Lowering the eligibility age for benefits.

Eliminating the permanent reduction in benefits for retirement between the ages of 62 and 65. A task force study for the Senate Special Committee on Aging found that more than half the men retiring since 1961 did so before age 65, thus accepting reduced benefits.

Liberalizing or eliminating the retirement test under which benefits are withheld because of earnings. Benefits are now reduced \$1 for each \$2 of earnings from \$1,681 to \$2,880 and dollar for dollar for earnings in excess of \$2,880.

Tying benefit levels to changes in the cost of living.

A Little Care Now Will Save You Money

NEW STATE TAX IS MORE REASON FOR CARE NOW

SOUTHWEST -- Despite the reminder presented by the new state income tax which took effect August 1, most taxpayers can be expected to push aside their income tax

thoughts until early spring.

Unfortunately, this can be a costly tendency.

The fact that two income tax returns

(federal and state) now must be computed instead of one, and that both are due on the same deadline (April 15) increases the possibilities of error, and at the same time underscores the need and value of careful tax-planning, warns the Illinois State Bar Association.

Taxpayers in the under-\$10,000 tax bracket are especially inclined to neglect tax-planning on the theory that this is for people in upper tax brackets only. However, notes the ISBA, there are certain "Tax-planning universals" which should be practiced by all taxpayers. Some of these sound planning suggestions, which certainly save time and very often save money, include the following:

1. Record and report all money you earn. That includes bonuses, savings, interest, dividends, and moonlighting income from which there may have been no tax-withholding deductions. Even seemingly small income items must be reported and can appreciably affect your tax liability.

2. Maintain records on all potentially deductible expenses, even if you're not certain they're deductibles. Your state income tax, incidentally, will be a new deductible item on your federal income tax return, if you itemize your deductions. However, the federal tax is not deductible on your Illinois tax return.

3. Keep track of all future income producers -- including any corporate stock purchases and any significant improvements to your house, such as a room addition. All such items may someday become reportable on your income tax return as a capital gain, and you will need records of original cost, the cost of improvements, and so on.

4. Record medical expenses and contributions. Even though they aren't deductible for state income tax unless considered a business expense, they may be itemized on a federal income tax return.

5. Speaking of contributions, individ-

uals in the 20 per cent tax brackets shouldn't give to just any charity on the theory that there are big tax advantages in such donations; the deduction just doesn't pay off that much to taxpayers in this bracket. Give instead to those causes you believe in.

6. Be a pack rat when it comes to saving receipts, vouchers, cancelled checks. In Illinois it is advisable that such items be saved for 10 years, the point at which the statute of limitations is up on written contracts. You may be asked to produce those records for tax purposes and should have them easily accessible and in order.

7. Rely on authorities. If you have a question check with the Internal Revenue Service, not a well-meaning friend. Or else, hire a qualified tax practitioner. Also, use only those forms and schedules authorized by the IRS and the Illinois Department of Revenue.

8. Keep consistently neat and well organized records. One tax expert has compared income taxes to a taxi meter that has been running since the first of the year. The longer a taxpayer waits to organize his tax affairs, the more likely he is to lose track of deductions he's entitled to or otherwise fail to incorporate in his calculations all the tax-saving measures that are available to him.

Good record keeping makes tax audits much easier for the taxpayer and the tax auditor, and in the long-run much less expensive as well.

There are some politicians who shake your hand before an election and your confidence after.

If two friends ask you to judge a dispute, don't accept, for you will lose a friend. If two strangers ask you to judge a dispute, accept, for you will gain a friend.

SWING SHIFT

BY ED DECKER

A newspaper is a business of communication - communication between people and the world around them. In the case of most newspapers it is essential to also make a profit while serving a demanding public.

The news side of any newspaper is an objective endeavor not essentially inclined toward choosing sides in reporting the facts. News reporting states facts as viewed by the writer without bias or interpretation.

A good reporter effects this obligation unthinkingly and as a matter of course. At times all of us have read stories in newspapers that obviously have been slanted and editorial persuasion is sometimes present. This is not the criteria of good reporting.

Serving the public as a whole is a difficult and usually thankless chore. Newspapers do not seek thanks, but they do hope for a reader response that appreciates the impartial position necessary in presenting news stories.

Controversial issues abound in our society and the reporting of these issues often arouses the anger of some readers. This is all part of our society's right to disagree without fear.

In the case of a newspaper that strives to reach as many readers as possible with the best possible publication, there are going to be some readers who will find fault with this effort. In the case of a small newspaper striving to offer a quality publication to a readership encompassing more than 12 communities, the problems are many.

There are always a few readers who

complain just to be heard or become disgruntled whenever a change in their small world is not to their liking.

A case in point is a reader who complained about the lack of sports news in a recent edition. This irate reader was of the opinion that local coverage was being sacrificed to accommodate a larger circulation area. A bit of research seemed to be in order.

In checking the Oct. 3, 1968 edition of the Lockport Herald I discovered the following: a 16-page newspaper; seven pages of classified ads; 9 local stories (Lockport); a single sports story concerning the Porters 7-0 loss to Joliet West which covered 9 inches of copy, and no box scores of other games.

The Oct. 1, 1969 edition finding disfavor in the eyes of our anonymous critic contained the following: 28 pages; still only 7 pages of classified ads; 22 local stories (Lockport); two sports pages including a 20-inch story reporting the 28-13 win of Lockport West over St. Francis de Sales; ten stories of general interest to area residents; 46 stories of interest to residents of other communities in the Southwest Graphic circulation area, and still (regrettably) no box scores of last weekend's football activities.

It is readily apparent that the news coverage has improved and will improve even more as time goes by. Patience, a little sincerity and helpful criticism will do the job. Who knows? We might even have box scores this week.

Will County United Crusade Leaders Picked

WILL COUNTY -- Alex F. Smiles, executive vice-president of the First National Bank of Joliet, has been named president of the board of directors of United Crusade of Will County.

A native of Joliet, Smiles

has been active with the organization for many years, serving as president of the Community Chest, fore-runner of United Crusade in 1958, and acting as drive chairman in 1957. He has served as treasurer of the

crusade board on several occasions.

Serving as vice-president will be Al Thomas, president of the I.B.E.W. local 1460 and employed at Commonwealth Edison, also a past campaign chairman and

president of the board of directors.

A retired farmer and past chairman of the crusade's budget committee, Herman Lindholm, will serve as treasurer; and Mrs. LaVern Hawes, labor representative

of the A.F. of L., C.I.O. for community services, will serve as secretary.

Elected to the board were: Harold Anderson, owner of Johansen and Anderson; Mrs. Elmer Bachaman of Monee; Robert Harrod, president of

the Steelworkers Local 5889, Lemont Manufacturing Corporation; Albert Johnson, member of I.B.E.W. local 336, Illinois Bell Telephone Company; Bruce Park, cashier, First National Bank of Wilmington; Charles Rappe, finance manager, Uniroyal; William Bloomquist, division manager, Northern Illinois Gas Company; Porter Stevens, manager of Amoco; Paul Travers, factory manager, Caterpillar Tractor Company; and Robert Vercellino, manager of Carson, Pirie, Scott and Company.

Set Probe

LOCKPORT -- The final draft of Lockport's master plan and maps, prepared by Tec-Search planning engineers, has been accepted by the Lockport Planning Commission. The plans were presented at a public hearing.

The commission accepted the plan with the stipulation that the area west of Lewis College, which is included in the one and a half mile Lockport jurisdiction, be changed from residential to an office, research and planned industrial area on the master plan.

The planning commission will recommend adoption of this comprehensive plan to the city council.

Rolf Campbell of Tec-Search explained various aspects of this plan to those in attendance.

Campbell also announced that a public meeting would be held every second Tuesday of the month. Residents of the community will have the opportunity to put forth their ideas, provided they notify the board in advance.

He Gets Around, But Never Goes Far

LEMONT -- Chester Galuska, of 127th St. in Lemont, really gets around, but never goes far. The tally to date is 93,000 miles, all within 50 miles of Joliet.

How is that possible?

Galuska travels as employment supervisor for Uniroyal. The mobile trailer that houses his office has become a familiar sight throughout the region.

Operated by Uniroyal Inc., the Joliet Army Ammunition Plant is one of the nation's largest munitions supply agencies and sprawls over 36 square miles with its nearest neighbor the town of Elwood.

In early 1966 the plant employed about 750 as compared with the staff today of 8,000.

Chester Galuska is the individual that is primarily responsible for locating and hiring this large number of employees. He did this although local officials and employment

directors predicted they would never find enough employees to bring the plant up to it's needed manpower.

The job market was tight at the time according to Galuska, and still is. He faced the problem of recruiting employees against stiff competition from other manufacturing firms who could offer long time employment.

This is not possible at Uniroyal, for although with the conflict now going on in Viet Nam the explosives and bombs and shells are now vitally needed, this is not always the case. The plant was originally built during World War II, cut down to 250 employees after the war, revitalized during the Korean conflict and then revitalized again for the needs of the U.S. Armed Forces now serving in Viet Nam.

It was decided to tap the unused sources of those who lacked the elementary educa-

tional skills for immediate job placements and to train them in courses offered at Uniroyal for periods of three to six weeks.

Employees enrolled in this education program attend classes for basic mathematics and verbal instructions eight hours a day, five days a week and are paid a wage during this time. They are then re-tested and re-evaluated for job placement.

Traveling in a 40-foot mobile trailer, which has become the official Uniroyal traveling employment office, Galuska and his staff have traveled throughout the state, addressing every civic, church, and community organization that would listen. They literally took jobs to the people, many of whom had been tied to welfare programs for years.

Galuska's mobile office is a familiar sight in parking lots where stores are having grand openings, employment agencies, on many kinds of roads and parking places, in-

cluding those of mud and still the line of future employees continued to grow. Between the spring of 1966 and the spring of 1968, Galuska personally recruited 3,720 people.

The type of job placement service for the previously unemployed has gained recognition from state officials, civic leagues and community action groups and the job is unending for approximately 400 positions must be filled at the Joliet plant each month to maintain the working force of 8,000.

Most of the employees who having acquired skills through training and advancement at the plant leave for other employment. But this does not seem to faze Galuska who remains confident that the needed employees will be found.

Galuska and his wife Dorothy have resided in the Lemont area for several years with their two daughters and son.

JIM KOBE, center, owner of the Lockport Music Center, 1805 N. Center, Crest Hill, is serenaded by two members of the Lewis College Chorus. The music shop will carry the latest stereo recording of the group. It was recorded live at Chicago's Orchestra Hall in May in concert with the Chicago Symphony Orchestra and European Soprano Noctha Vette. Included in the two-disc album are selections of the 35-voice "The Singing Minstrels."

Load Limit On Road Repealed

NEW LENOX -- The 12-ton load limit for trucks on Cedar Rd. south of New Lenox was repealed by the Will County Board of Supervisors at their Oct. 1 meeting.

Action was presented by Frankfort Supervisor George Tate, member of the county highway committee. Tate stated that continuation of the limit would hinder the proposed development of a \$300,000 industrial plant on Cedar Rd. Without the action large trucks would be denied access to the proposed plant, hindering the economic development of the county.

It was discussed and decided upon that if the trucks caused heavy damage to the road the 12-ton limit would be reinstated.

Tate said that trucking firms bear large tax burdens in paying motor fuel and road use taxes, and that these taxes are used to build and improve roads. "Denying them access here would deny them the right to use roads they helped pay for."

This was the first county board meeting conducted with an agenda, a rule adopted at the last board meeting.

Seek Bid For Second Time To Rebuild Church

MOKENA -- The possibility of remodeling the old Lutheran Church for a town hall was discussed by the Mokena Village Board at their regular meeting.

It was decided upon that the board would hire an architect to draw up plans for the remodeling.

The board reviewed an estimate of \$750 for leveling the slanted floor of the pres-

ent building, but took no action pending the architect's plans.

It was agreed by the board that if the cost of remodeling can be kept within a few thousand dollars, then it would be economical to remodel the church. Previously one carpenter estimated the work at \$10,000.

One of the board members criticized the use of the building that was built in 1918, because it was too old, is located away from Front St. and has numerous steps leading into the front entrance.

If the church was remodeled, the possibility of covering the church windows with siding and lowering the ceiling was agreed to.

Remodeling of the church originally started this past summer, but due to a hive of bees in the wall work was halted. Thomas Deeb of Mokena exterminated the bees after his wife, an assistant librarian, complained of the insects disturbing the library patrons. The library is located downstairs of the church.

Mother Josephine Will Be Honored

LEMONT -- The Mount Assisi Parents Association is conducting an open house honoring Sister Mary Josephine Tominas this Sunday afternoon from 2 to 5 p.m.

Sr. Josephine was recently elected to the office of Superior General of the Sisters of Saint Francis whose Motherhouse is in Rome. She will be leaving for Rome on Oct. 14.

Mother Josephine was born on Chicago's south side and attended elementary and

secondary schools there. She received her R.N. from St. Joseph's Hospital School of Nursing in Joliet and her B.S. and M.S. degrees from DePaul University.

Her teaching experience includes elementary and sec-

ondary schools and also staff member of the St. Joseph's Hospital School of Nursing in Joliet where she taught for many years. She taught biological science at Mt. Assisi Academy for sixteen years.

Her administrative experience is extensive. She served as supervisor at the hospital; was co-chairman and chairman of the Chicago area Catholic District Exposition; also state judging chairman of the Illinois Academy of Science.

Mother Josephine was also vice-president of the Chicago Catholic Science Teachers Association. She was official community representative at the Franciscan Federation of Major Superiors, and at the Sisters Advisory Council of Chicago. From

October to February of the past year, she represented the Community at the Commission meeting in Rome, and from Aug. 18 to Sept. 30 of the present year was official delegate of the American Province at the General Chapter. Currently she was working on the Community's newest project the Mount Alvernia Manor for retired

citizens.

Her stay in the United States will be short since she plans on returning to Rome on Oct. 14 to take over the administration of the community's nine provinces and almost 2,000 sisters. Her address will be: Via dei Colli, Della Farnesina No. 140, Rome, Italy 00194.

Wed In Nuptial Mass

LOCKPORT -- Miss Joan Elizabeth Ennis, daughter of Mr. and Mrs. Eugene Joseph Ennis, 504 Delhart Avenue, Lockport, and Richard Warren Leff, son of Dr. and Mrs. Charles Leff of 640 N. Washington, Hinsdale, were united in marriage at 11 o'clock nuptial Mass Saturday, Sept. 6.

Rev. Father Maher, pastor of St. Andrew the Apostle Church, Romeoville, was the celebrant.

The altar was adorned with white gladioli, yellow fuschia mums and palms. Mrs. Joyce Velemir was the soloist.

The bride wore a full-length Empire gown of white silk organza. Pearl-embroidered alencon lace fashioned the bateau neckline and formed an applique decor on

the short sleeves and on the front panel of the A-line skirt. A wattleau train fell from a pearl studded organza bow. Her veil of silk French illusion was held in place by a high standing fez of pearl embroidered lace flowers. She carried white gardenias.

Mrs. Gary Buchanan, sister of the bride, served as matron on honor. She wore a slipper length gown of brown and white silk peau de soi, with white peau de soi collar and cuffs.

Mrs. Daniel Ryder, also a sister of the bride, served as bride's matron, along with bridesmaids Miss Cynthia Klocanis, Miss Patti Irwin, and Miss Laurie Bruce. The attendants were similarly dressed.

Frank Kryzowski served

as best man for Mr. Leff. Groomsmen were Tom Leff, Dick Hilliard, John Ennis and Neal Loth. Chris Ennis and Robert Leff served as ushers.

A buffet reception was held following the ceremony at Al's Steak House.

After a wedding trip, the couple will reside in Mt. Prospect, Illinois.

Scott-Baughan Recite Vows

NEW LENOX -- Two baskets of gladioli and two candelabras decorated the altar of the Grant Park United Methodist Church for the double ring ceremony between Donna Marie Scott and Gary George Baughan, on Sept. 13 at 6:30 p.m.

The bride is the daughter of Mr. and Mrs. James V. Scott, R.R. 2, Manteno, while the groom is the son of Mr. and Mrs. George Baughan, New Lenox.

Mrs. Allen Lemon was the organist with Mr. Terry Leveritt singing "The Lords Prayer" and "Because".

The bride was escorted to the altar by her father and wore a white floor length gown of angel skin and peau de soie, featuring a high neckline, yoke and camelot sleeves and a chapel length train.

Miss Martha Scott, sister of the bride was maid of honor. She wore a gold semi-fitted gown of acetate and amel.

Bridesmaids were Mrs. James Szeplak, Joliet, sister of the groom; Mrs. James R. Scott, Bradley, sister-in-law of the bride; Miss Christine Senesac, Manteno; Miss Janice Hunt, Grant Park; Miss Joyce

Howard, Grant Park; Junior bridesmaid was Miss Marsha Baughan, sister of the groom from New Lenox; Flower girl was Miss Brenda Hudson, Grant Park, cousin of the bride. Their gowns were identical to the maid of honor but were yellow. The junior bridesmaid carried a cascade of white mums and the flower girl a basket of flower petals.

Best man was James R. Scott, brother of the bride. Groomsmen were Roger Baughan, Joliet, brother of the groom; Ronald Kokal, Mokena, cousin of the groom; Richard Coats, Grant Park; James Szeplak, Joliet, brother-in-law of the groom; Rudell Hudson, Grant Park, cousin of the bride; and Glen Cleveringa, Crete, cousin of the bride. Candlelighters were Michael and Glenn Cleveringa of Crete, cousins of the bride. Ushers were Randy Warren and Rudell Hudson of Grant Park, cousins of the bride.

Mrs. Virgil Hudson, aunt of the bride from Clora, Tenn. and Mrs. Peter Kokal of New Lenox, aunt of the groom cut the wedding cake. Mrs. Richard Coats and Mrs. Roger Baughan opened the gifts.

After a wedding trip to Hawaii, they will reside at 203 E. Jan Drive, Manteno.

The groom graduated from

the students became involved in the association, the name was changed from PTA to PTSA. Some students attend-

ed convention and were on a workshop panel concerning high school students' needs for PTA.

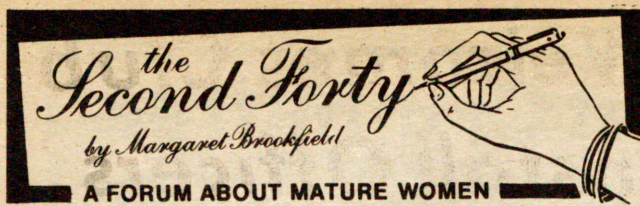

Lincoln-Way High School. The bride is a graduate from Manteno High School. They are both employed at Uniroyal.

MR. AND MRS. GARY GEORGE BAUGHAN

Teen-Age Daughter

Dear Miss Brookfield:

I have a problem with my teen-age daughter. She insists my wardrobe is out-of-date because the dresses are "too long" and the colors are predominantly dark or neutral. I certainly don't go in for the new styles but her criticism, however well meant, distresses me. She, like many teen-agers, is no model of good fashion taste. Her shirt-tails are never tucked in, her hair is always in her eyes. What would you suggest?

S.W., Kansas City, Kan.

Dear S.W.:

She may be at the stage when she is trying to hide what are, for her, embarrassing body changes. She may be venting her feelings by criticizing your clothes. The next time you shop, why not invite her to come along? With her help you might just find out that more stylish and colorful clothes are flattering. At the same time, you will be setting an example for her to follow.

Two Sisters

Dear Miss Brookfield:

I would like to advise M.S. of Los Angeles not to move in with her sister. If she does she'll probably end up as we did. I asked my younger sister -- she is in her early sixties -- to come out here and live with me. I have a nice home with an extra bedroom. Well, she has been here for one year but is now moving back. The whole family is anxious for her to leave. We have all become enemies. I hope the woman in California does not make the same mistake. I would advise her to remain alone and happy.

A.F., Willimansett, Mass.

Dear A.F.:

Some sisters can live together in harmony. But others, for any of a number of complex reasons -- such as personality clashes, ingrained habits, or childhood rivalries -- are better off alone. You have certainly found this out -- the hard way.

Weekend Husband

Dear Miss Brookfield:

I have a rather unusual problem. Over a year ago, my husband started to work out-of-town, coming home weekends only. We have no children. Shortly after this arrangement began, he confessed that he had a girl friend in the other town. He refuses to give her up, claiming he loves us both. This arrangement has made me very edgy. I visited a marriage counselor, but she said that my husband requires therapy too. He refuses to see the counselor. A dear friend, who is the only one who knows about this unusual situation, suggested I read the riot act to my husband: either he gives up this liaison or stops coming home. I haven't been able to tell him this. Do you suggest I try it?

B.U., Baltimore, Md.

Dear B.U.:

Only when and if you are able to face the possibility that he may well stop coming home to you. Obviously, you are not prepared to do this or you would have read the riot act to him weeks ago, rather than acquiesce in this rather unusual arrangement. We wonder how other women would react to a similar situation? We would like to hear from readers -- with suggestions.

Skin Spots

Dear Miss Brookfield:

I have a number of dark spots on my skin and would like to know how to get rid of them.

S.W., Paterson, N.J.

Dear Miss Brookfield:

Will you give me advice and help on removing skin spots.

M.B., Little Falls, N.J.

Dear Ladies:

This is the so-called \$64,000 question for many women. There is really nothing very promising we can tell either one of you. These spots come with age and are the results of years of exposure to sunlight and wind. There are preparations on the market to either lighten or bleach them; some women recommend lemon juice as a home remedy for lightening them temporarily. Nothing, unfortunately, will remove them permanently. You can, however, help prevent further irritation by avoiding exposure to sunlight. During the summer months, use a protective skin cream to slow down the appearance of additional spots.

Have you a problem as a mature woman, or with one? For advice and help write to Margaret Brookfield, Information Center on the Mature Woman, 3 West 57th Street, New York, N.Y. 10019.

Handling Is Biggest Food Cost

WILL COUNTY --When the consumer spends a dollar on food at the grocery store, he buys 40 cents worth of products and 60 cents worth of marketing service, according to Kenneth T. Benjamin, chairman of the Illinois State Ag-

ricultural Stabilization and Conservation Committee.

That's just the average, the chairman said. He explained that the farmer's share depends both on prices he gets for his commodity and the costs of marketing that com-

modity. In general, the more marketing services, the greater the cost.

So for a product such as bread, which requires considerable processing and servicing from the unmilled wheat to the packaged loaf

Mrs. Consumer brings home, the farmer's share of each dollar spent is 14 cents. For eggs, where the packaging is done by the hen, the farmer receives 65 cents of each dollar spent at the store.

The ASC committee chairman cites the farmer's share of each dollar spent for various other products: Choice beef, 61 cents; butter, 72 cents; corn flakes, 8 cents; apples, 39 cents; potatoes, 31 cents; canned corn, 12 cents; canned peaches, 17 cents.

The money the farmer gets from the food dollar isn't net profit, according to Mr. Benjamin. Gross income of U.S. farmers right now is about \$51 billion annually. Realized net income is about \$15 billion. So it figures out that of the average 40 cents that comes to the farmer from the consumer's food dollar, the farmer in turn spends about 31 cents of that for production cost, has about 9 cents for his profit.

The ASC committee chairman said information on food costs and the farmer appears in a U.S. Department of Agriculture publication, "The Farmer and the Consumer."

Board Takes High Bid

NEW LENOX -- A special meeting of the New Lenox village board was held Sept. 24, at which time the awarding of the bid for a tractor was given to the high bidder.

Accepted was a bid for \$7,500 for an International tractor from Moss Equipment, owned by Earl Moss of New Lenox. Board members accepted this bid because they felt that this tractor

was better suited to the village's needs than other tractors that were considered.
Other bids came from West Side Sales of Naperville on a John Deere, \$6,747, and \$7,313 for a Case model from J.S. Andrews.

Unit In Meeting

LOCKPORT -- Rev. Edward Langan opened the first school-year meeting of the St Joseph Parents' Club meeting with prayer Sept. 11.

The New Lenox PTO will meet on Oct. 14 at 7:45 p.m. at the Oakview School. This meeting is designated as "Dads Night" with a special invitation to all DADS to attend. The speaker will be William Puckett, field representative of the Illinois Education Association. He will speak on "How the state arrives at bills which directly affect our schools."

A series of "open houses" will be held at all the schools, kindergarten through 8th grade in the New Lenox School District 122 with the dates set as follows: Haines on Oct. 22 at 7:30 p.m.; Haven, Cherry Hill and Schmuhl on Oct. 29 at 7:30 p.m.; Oakview on Nov. 5 at 7:30 p.m.; and Marley and Reiter on Nov. 12 at 7:30 p.m.

The budget and finance committee is announcing a salad bar luncheon on Oct. 22 at the Lions Den. The serving will take place from 11:30 a.m. to 1:30 p.m. Tickets will be available at the PTO meeting or may be secured by contacting Mrs. Harry Hodges at 485-8572 or Mrs. George Fuchs at 485-2208.

The bar-b-que dates for this month will be Oct. 16

and 30th. Taffy apple sales will be Oct. 7 and 21.

New officers for the new year took over recently of the New Lenox Band Boosters, when they met at the Oakview school for the first time this term. They are: president, Paul Ellenberger; vice president, Janet Falk; secretary, Joan Moore; treasurer, Judy Hodges; historian, Esther Martinez; hospitality, Sally Jackson; publicity, Jack Cowan and Dorothy Turner; uniforms, Mr. and Mrs. George Morrison; and telephone, Joan Cowan, Thorma Cagwin, and Mary Ellen Criscione.

Plans were made to order new Shakos for the uniforms purchased last year. A candy sale was planned for the first of November.

Director Tom Goodwin announced that there are currently 227 band members and that private lessons for band members may still be arranged through him.

The honors band has been quite active this fall. They

participated in the John Houbolt festivities at the Joliet Stadium and played at the Wilmington Homecoming on Oct. 3, the Plainfield Homecoming, Oct. 4, and marched in

New Lenox

the Fire Prevention Parade in Manhattan on Oct. 5.

Band Boosters meeting are held each month on the third Tuesday and all parents of band members are urged to attend. Seventy-four members of the fifth grade band will entertain at the October meeting.

The New Lenox Civil

Defense unit will meet at the Village hall at 8 p.m. Tuesday Oct. 14.

Meeting of the Baptist men will be held at the Lions hall Tuesday night at 7:30 p.m.

Mr. and Mrs. Len Anderson accompanied by Mr. and Mrs. James Montella of Chicago Heights, returned home Monday night from Bloomington, Minn., where they spent a few days visiting with their daughters, Miss Dotte Jean Anderson and Miss Fran Montella.

Mrs. Mickey Haseltine and her Cub Scout Den 8, started their fall meetings on Tuesday of this past week, at the Haseltine home. Three of the members of the den, Tom Lane, Billy Healy and Mike Rouch, have gone on to the Webelos Den. Norman Klotz transferred from Den 5 and Russell Hanson is a new comer.

In keeping with the theme, Buccaneer Days, the boys made jewelry, and enjoyed a treasure hunt.

Plans were made to visit the New Lenox Fire department for Fire prevention week October 5-11. They will also attend a football game Oct. 17 at Lockport West High School.

The annual Halloween party will be held Tuesday Oct. 28 from 6 to 8. Judges will award prizes for the costumes.

Badges-Webelos Awards To Cub Pack 10

Mrs. Edward Hovi
Telephone 479-5740

The Arbory Hills Cub Scout Pack 10 held their first regular pack meeting at the school on Sept. 26.

There was the awarding of the badges and webelos awards to those who had earned them during the summer months.

Those receiving awards were: Tom Griffin, Bear Badge; Curt Cook, Gear Badge; Gold Arrow Point, three Silver Arrow Point; T. J. Tonra, Bear Badge; Gregg Searles and Eddie Hills, Silver Arrow Point. The Wolf Badges are as follows: Danny Sumner,

Leonard Pencek and Michael Way who also received a Gold Arrow Point along with his Wolf Badge.

The Webelos awards given out were: Jim Daniels, citizen award and athlete award;

Arbory Hills

Richard Boothe, athlete award, traveler award, and outdoorsman; Gregg Peterson, athlete award and citizen award; Vernon Crowder, an athlete award; and Robert Lee, athlete award.

There was a special award given to Den 2 from Tinley Gardens for having sold the largest number of hangers during the fund raising hangar sale.

There was also an urgent plea for new den mothers and committee members. Please consider the possibility of your lending a hand.

Don't forget that tomorrow night is the date for the October meeting of the Summit Hills Parent-Teacher Organization. The program lined up should prove to be an interesting one to both parents and older children.

There will be a group of four speakers from the University of Illinois School of Pharmacy and Narcotics, who will present a movie on the nervous system and discuss the four most prevalent illegal drugs in the country.

They will show, in a dramatic manner, the effects of drugs injected into two rabbits after little more than one-half hour.

Please try to be prompt for this meeting tomorrow evening which is starting at 8 p.m. The program will follow the business meeting.

Presiding at the meeting will be Mrs. June Durbin, who has been installed as the new president following the recent resignation of Mrs. Carol Searles who had been elected in May.

Those ladies who have been "Block Parents" are asked to display the orange safe card prominently in their front window so that the youngsters may easily see them.

If your card has been lost or damaged over the summer, please contact Mrs. William Greene at 479-5098 for a new card.

There will be a membership meeting at the school of the Arbory Hills Baseball League on Tuesday evening, Oct. 14, beginning at 8 p.m. This meeting will wind up the old business of the 1969 season and will begin to look forward to the 1970 season.

There will be the forming of a nominating committee for the upcoming elections of officers for the new

year. There will also be plans started for the annual fund raising dance. Please come on over. You do not have to have boys in the league in order to belong, the interest in the boys of today is enough.

The Arbory Hills Civic Association will hold their annual beautification dance at the Veterans Memorial Hall in Frankfort on Nov. 1. Tickets will be \$2 per person.

As in past years there will be three items given out at the dance with the first item a portable color television set. The second item will be a dishwasher; and the third

item will be a polaroid color-pack camera.

Mr. and Mrs. Donald Fletcher, 19539 Catulpa, Arbory Hills, had a girl on Sept. 29 at Silver Cross Hospital.

Lemont Unit Takes 4th In Row

By RUSS SANDBERG
LEMONT -- The "Old Swede" has been following Lemont High for over 35 years, but never in his lifetime has there been a more courageous varsity football team than the one representing Lemont High at Wilmington last Friday night.

With 4 starters out and 2 "walking wounded" on the sidelines, the Indians nevertheless put a damper on Wilmington's Homecoming affair with a hard earned 30-16 win.

The men of head Coach Jan Cralle and assistant Coach Matt Connor are now 4-0 on the season, and 3-0 in Northeast Conference competition, but most important of all, an undisputed first place position in league

play.

Starting from our own 22, the Injuns moved 78 yards for the score in 6 plays. The hard running of John Schwer and Mark Sniegowski featured this drive, but once Lemont reached the Wilmington 30, quarterback Mike Hennebry hit Dick Pierce on a picture book play for the remaining distance.

This same duo collaborated on the conversion attempt to give Lemont an 8-0 lead at the 2:35 mark of the initial stanza.

Early in the second period, the Wildcats marched 75 yards before being stopped on the Lemont 5 yard line. A key defensive play was turned in by linebacker Ken Hutchinson, who smeared a Wilmington maneuver.

Midway through the second quarter, linebacker Terry Dauenhauer recovered a Wildcat fumble on the Wilmington 46, and once again Lemont was on the move.

Quarterback Mike Hennebry directed the Lemont club. John Schwer and Ken Hutchinson carried the ground load.

Hennebry then took the aerial route to Dick Pierce and Dennis Bubinas, and Lemont moved to the Wilmington 5. Two bursts by Schwer and Lemont led 14-0 with 1:30 left in the second quarter.

After the ensuing kickoff, the Wildcats moved to a first down on their own 36, but on the next play, they attempted a screen pass into their own right flat. Dennis Bubinas

stepped in front of the intended receiver and rambled 25 yards for another Lemont tally.

With only 52 seconds left in the first half, Hennebry then completed another 2 pointer to Bubinas to give Lemont a 22-0 lead at the intermission break.

Wilmington got on the scoreboard early in the third quarter when a pass was intercepted on Lemont's 45 and returned to the 20. With hard driving Mike Pollak carrying the mail, Wilmington scored in 3 plays. A 2 point conversion closed the gap to 22-8.

Pollak on the first play of the fourth quarter scampered 78 yards for another Wilmington tally. The following successful 2 point effort put the score at 22-16.

Shortly thereafter, Lemont got a big break when a Pierce Spencer punt was fumbled on the Wilmington 18, where an alert Hank Pierce took over ball control for the Indians.

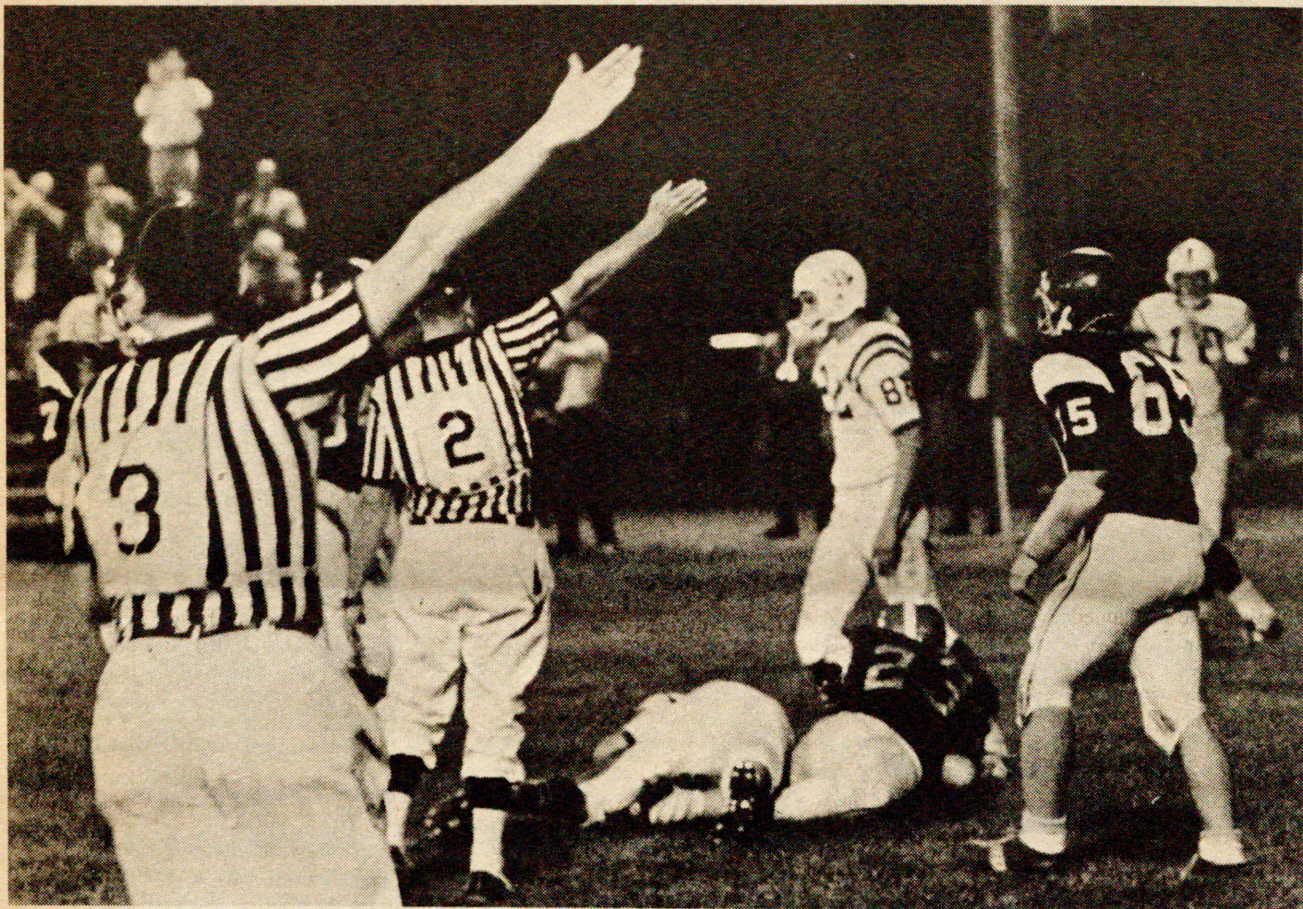

Mark Sniegowski and John Schwer picked up 5 yards in 2 carries, but then Mike Hennebry passed over the middle to Steve Pociask for the counter. Schwer bucked over his own left side for point number 30, with 7:05 to go.

Spartans Hit, 10-6

LOCKPORT -- Lockport West fought the good fight Friday night and came within two points of tie in their game against a good Joliet Central team.

Chuck Williams, the Spartans fleet back, gained only 19 yards which tells the story. Joliet's defense was just too much for the Lockport eleven.

The Spartans late first-quarter opportunity came on a recovered fumble on the Steelmen's 24 - yard - line. The threat was choked off by Joliet at their nine-yard line and Lockport's Larry Vujtech attempted a field goal from the 25. The kick was wide to the right and the first quarter ended in a scoreless tie.

In the second quarter Joliet rambled 80 yards to score the first TD of the game. The scoring play was a pitchout from John Gibbons to Henderson who promptly scooted around the right side, eluding the Spartans' defense. Another short

The Spartans roared back on the kickoff. Putting the ball in play on their own 49-yard-line the Spartans moved to the Steelmen's 19. Central then picked off a Highland pass to end the threat.

Both squads showed good defensive strength in the third quarter and neither team was able to threaten.

Joliet, using the clock to good advantage, moved the ball to the Spartans' seven-yard-line. The Lockport defense held and took over on downs. Highland dropped back into his own end zone

to pass. Mike Barden, Joliet's 235 - pound tackle, dropped the Spartan quarterback in the end zone for a safety. The game ended 10-6 giving Joliet its fourth straight seasonal win.

Frosh-Soph Win 4th

By RUSS SANDBERG
LEMONT -- The Lemont High School Frosh-Soph team swept to its fourth consecutive win over a Wilmington unit 26-0 Friday night in a road game.

After the kickoff had been returned to Lemont's 40, on the second play from scrimmage, the fleet Jim Weck broke loose for a 60 yard touchdown. Jim Clark converted for an early 7-0 lead.

Neither team could muster much of an offensive threat throughout the remaining first period. But with 29 seconds remaining in the half, once again Jim Weck rambled 72 yards to give Lemont 13-0 lead at

halftime.

Wilmington's hopes were further dashed early in the third stanza, when with the aid of fine blocking, Weck swept around his own right side for 54 yards and touchdown number 3.

Later in the third quarter, soph tackle Doug Domagalski recovered a fumble on the Wilmington 13. Quarterback George Otto connected with Steve Gray for the touchdown. Jim Clark split the up-rights to give the Indians a 26-0 lead.

Coaches Bob Voss and Lou Kuk, ably abetted on this evening by Coach John Jones, then substituted freely.

Wheaton marched from mid-field to the Lockport one-yard line. A one-yard dive put Wheaton on the board and Yapp's block of the conversion attempt ended the scoring for the game.

Wheaton drove hard in the third quarter starting on their 30-yard line. After a sustained offense put them on the Lockport 2-yard line, a fumble cost them what seemed to be their second TD.

In the final period Central moved from their 37-yard line to the Wheaton one-yard line. On third down and one for the TD, Central lost the ball on downs after a futile attempt by Ken Kennedy to plunge across the goal line.

Central is host to Joliet Central next Friday night at 8 p.m. in an Illini-8 game.

3 Burros Teams Win, Lose, Tie

SOUTHWEST -- Burros Football Teams played four games this past weekend at home. Two PeeWee games came out with a win and loss; lightweights tied and heavyweights won.

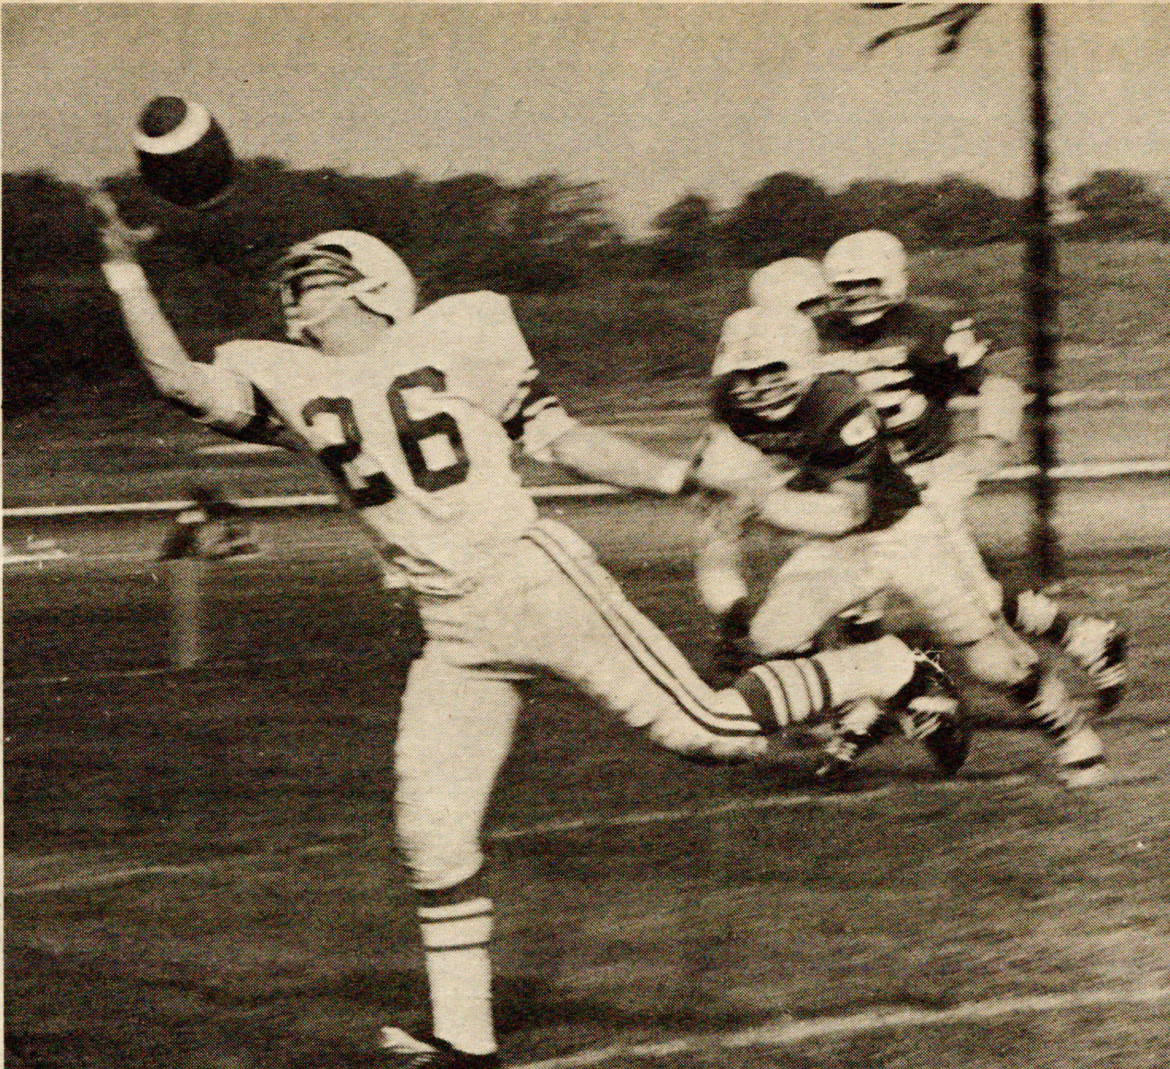

The two PeeWee games were played Saturday afternoon a week ago against the teams from Calumet Park.

The first game saw Scott Sandy shine with two touchdowns chalked up to his credit to account for the only score for the Burros. The Calumet Park team scored once to leave victory in the hands of the Burros, 12-6.

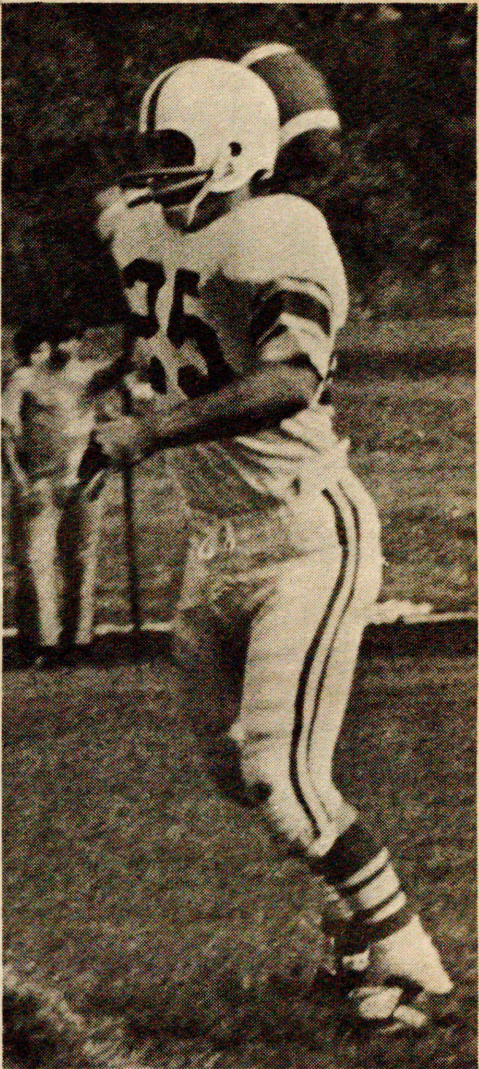

Second game matched the first year boys of both sides in a full game. The younger Burros unfortunately came out on the short side of an 8-0 score.

The Lightweights played their game Sunday afternoon against the number one Glenview team. Although they played less than spectacularly in the first half, they came back in the second to end the game in a 12-12 tie. Incidentally, the Glenview team had been picked before the season as the likely one to take the title this year in their division.

Heavyweights played on Sunday also, against the Oak Park team. There were smiles all over when the boys came out on the long end of a 13-0 score, with Jerry Thomas and Randy Boyd scoring the two touchdowns on the Burros.

IT'S HALFBACK TO HALFBACK and a six-point tally for Lincoln-Way Saturday. The play starts in the photo at right with a pass by Harold Webb, and in left photo, Rick Otis snags the aer-

ial and moves to cross the goal line. (GRAPHIC Photos by Steve Potter)

Fourth Period Slump Fatal

NEW LENOX -- A fourth period slump was the fatal blow to the Lincoln-Way Knights as they faced Oak Lawn in a Southwest Suburban Conference game, and came out on the short end of a 27-14 score.

Lincoln-Way, out-manned in physical size, played their larger adversary almost dead-even for three quarters, and the final score doesn't show the closeness of the game.

It took a fourth - period

spree by Oak Lawn, which scored its final touchdown after an interception, to put the game out of reach of the Knights.

The Knights fought their way to within one point, 7-6, in the second period when Harold Webb pulled a quarterback sneak for three yards and a touchdown, following an Oak Lawn touchdown and extra point. Oak Lawn's TD had come on a five-yard run by fullback John Mica.

The score stood that way until 7:07 of the third period, when Oak Lawn plunged one yard for the Spartans' second score.

Each time the Knights penetrated the Spartans' line for a scoring threat, there was a mistake, a penalty or turnover that stopped them. This seemed to be the sum total of the game.

Lincoln-Way received the opening kickoff, but Del Hall, who had gathered the ball in, fumbled when hit and Oak Lawn got the ball at the Knights' 20 yard line. It took the Spartans only eight plays to move in for the

scoring for the afternoon and the game with the Hornets on top, 12 to 0.

The Hornets defense came through in fine style again, by holding Markham scoreless. In their first 4 games, only 2 touchdowns have been scored against them.

There were no standouts on defense, but a real team effort by the following eleven: Duane Koski, Jack Bambrick, Tom Leffler, Ken Zezulka, Ed Davis, Dave Gorski, Jim Hutchinson, Mark Barnett, Rick Jakusc, Rick Sniegowski, and Hayden Reeves.

Hillman Outplayed By N. D. Squad

SOUTHWEST -- Joliet Catholic journeyed to Niles Friday evening to meet Notre Dame in a suburban Catholic Conference game. The strong Dons squad outplayed the Hillmen and went on to score a 43-14 win over the Joliet contingent.

The Dons tallied 15 points in the first quarter. One TD came on a 51-yard drive climaxed by quarterback Jim Rotunno's one yard dive over the middle. Rotunno executed virtually the same play in running for the two-point conversion.

The Hillmen gave the Dons a fumble which enabled another quick TD by the alert Notre Dame squad. The first quarter ended with the Dons ahead 15-0.

The Hillmen tallied a TD and a pass conversion early in the second period making the score 15-8. The TD was run over from the 14 by Al Colabuono in a slant off tackle.

Notre Dame came right back with two touchdowns in the second quarter on two runs by the Dons rapid signal caller. He dashed 19 yards for one TD and 80 yards for the second TD moments before the end of the half. The halftime score read 27-8 in favor of the strong Niles team.

George Mackey recovered a fumble for the Hillmen and raced 82 yards for the Hillmen's final tally. The conversion attempt failed and the third quarter saw yet another TD by Notre Dame as Hank Hines romped 22 yards into the end zone. The third quarter ended 35-14.

The Dons tallied another TD in the fourth quarter and converted for two

Hornets Win In Season

By DON HEEG
LEMONT -- The Lemont Golden Hornets won their third game of the season by beating the host Markham Mustangs 12 to 0 on Sunday, Sept. 28.

To start the game, Lemont kicked off to Markham. Lemonts defense stopped Markham on their first series of downs forcing Markham to punt. Lemonts Ed Davis broke thru and blocked it, with Lemont taking over on Markham's 21 yard line.

Then on the second play from scrimmage the Hornets quarterback, Rick Sniegowski

ski rolled out around left end and scampered 20 yards for the touchdown. The extra point try failed. So the score stood at Hornets 6 Mustangs 0.

The score remained the same until midway of the 4th period, with both teams putting up a good defensive battle, with neither team putting up much of a scoring threat.

The other Hornets score in the final period came on a 40 yard pass play going from Rick Sniegowski to Ed Davis. The extra point try failed again. This ended the

Golden Hornets Slash Wildcats: It's 4th Win

By DON HEEG

LEMONT -- The Golden Hornets walked off with their fourth victory in a row this past Sunday when they slashed the Midlothian Wildcats 21 to 6.

The hosting Hornets kicked off to start the game, but Lemont's defense got tough and held. The Wildcats had to punt. Lemont's quarterback Rick Sniegowski took

the punt on his own 5 yard line and raced 75 yards for a touchdown, with Jim Hutchinson plunging in for the extra point to put Lemont on top 7 to 0.

The Wildcats came right back, but were stopped on Lemont's 2 yard line when Charley Dvorak intercepted a Wildcat aerial. This was the only other scoring threat in the first half. The half

ended with the Hornets on top 7 to 0.

In the third quarter after an exchange of punts, Lemont fumbled on their own 24 yard line. After several plays the Wildcats finally put one over. But Lemont's defense was not to be denied, they put up a good battle before the Wildcats put it in for the score.

The extra point try failed, so Lemont led 7 to 6. After

the kickoff Lemont wasted no time getting the score back.

On the first play from scrimmage Jim Hutchinson broke off tackle and scampers 40 yards for Lemont's 2nd touchdown. Hayden Reeves dove for the extra point. Lemont led 14 to 6 at the end of the third quarter.

In the 4th quarter Rick Sniegowski hit Jim Hutchinson on a 37 yard pass play

to put Lemont on the score board again. With Dave Gorski going in for the extra point, this finished the scoring for the day, Lemont on top, 21 to 6.

The Hornets defense was tough. Outstanding boys were: Jack Bambrick 14 tackles, Jim Hutchinson 11 tackles, Ken Zezulka 9 tackles, Mark Barnett and John Stanton 7 tackles.

In the lightweight game

Lemont came out on the short end with Midlothian winning 27 to 0. The Pee Wee's fared a little better and played to a 6 to 6 tie with Robin Little scoring the touchdown for the Pee Wee Hornets.

Next week the Hornets travel to Tinley Park to play. Then return home the 19th of October to play Crestwood at the High School Field.

Spartans Take 2

ROMEIOVILLE -- The Romeo Spartans met with the Crestwood Colts in a road game Sept. 28. The lightweight squad lost, but the Pee Wee's and heavyweights won their contests.

In the first of three games, the lightweight squad of each team squared off. The Crestwood Colts came up with the winning score in the lightweight contest, 12 to 0, after an all-out effort by the Spartans failed.

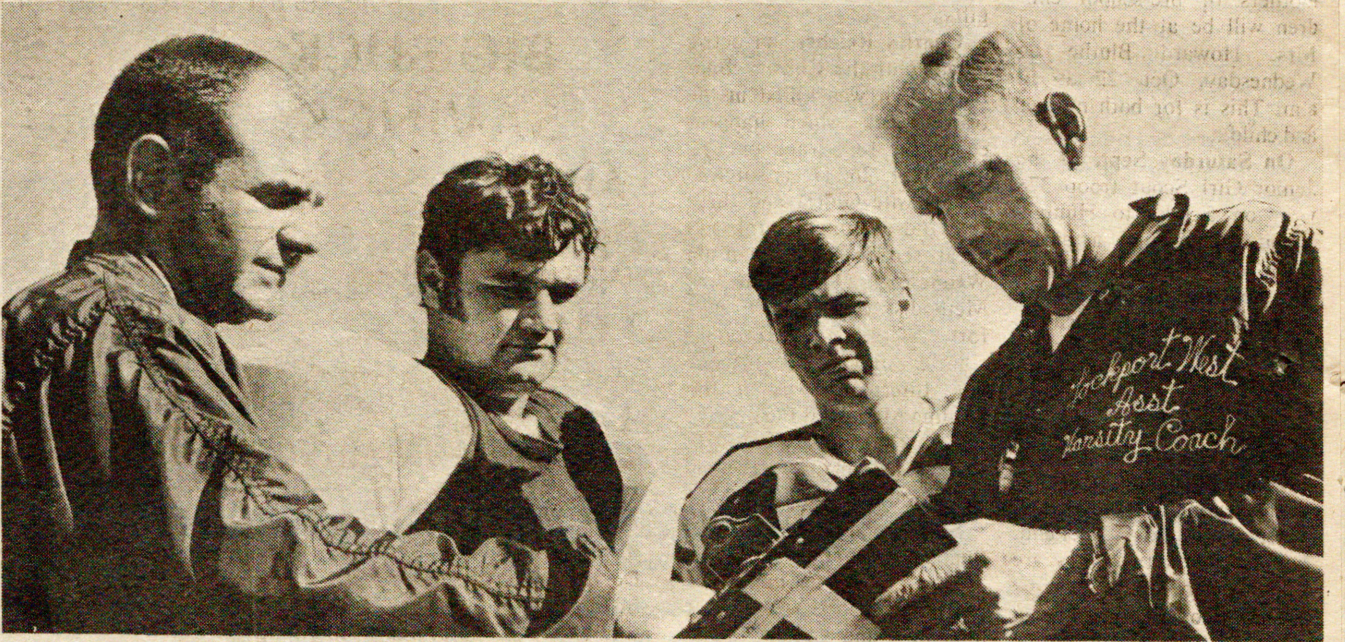

The first quarter of the PeeWee game brought the score to a 7 to 6 lead by Crestwood with Tim Burleson scoring the only touchdown for the Spartans.

A fumble by the Spartans gave Crestwood possession after a valiant 45 yard run return by Carl Oke. A 2 point safety was awarded to the Spartans when Crestwood fell with the ball in the End Zone. The Spartans won with the 8 to 7 score as Crestwood played the remainder of the game under protest.

Crestwood went to work on the Heavyweight Spartans by scoring the first touchdown. The Spartans came back in the first half with touchdowns by Roger Jones and Bob Cook. A series of plays set up by a breakaway run by Jim Boudouris and a later fumble recovery by John Prehn gave Roger Jones his second touchdown.

Crestwood opened the second half with a touchdown and extra point. A pass play from Rick Smokik resulted in a touchdown by Mike Kovalcik. A string of interceptions by Jim Boudouris, Steve Kovalcik and Tom Melvin helped to insure a Spartan victory resulting in touchdowns by Steve Kovalcik and Roger Jones.

A last surge by Crestwood resulted with a touchdown and extra point but came too late to help the Colts.

Saves Life, Doctor Is In On History

LOCKPORT -- A Lockport medical doctor at Lowry Air Force Base made history recently. Two doctors,

Captain Christopher C. Pinn of Lockport, and Captain Thomas J. Doyle, treated a patient and not only saved his life but made medical history as well.

Captain Pinn is the son of Mr. and Mrs. William Pinn, 1020 Jefferson St.

The case involved a 21 year old patient who reported to the dispensary for a psychiatric examination. While waiting, he impulsively drank two grams of poison in an angry gesture, according to Dr. Col. W.G. H. Goggans, commander of the Lowry dispensary.

Poison was podophyllin resin used in the treatment of warts. According to Dr. Goggans, one-half gram is considered fatal.

The two doctors treated the patient, washed out his stomach and gave him mineral oil dosages. Patient survived and was transferred to Fitzsimons General Hospital for continued treatment. The unidentified patient was discharged four days later.

"There's no reported case

Mokena Police Begin Crackdown On Speeders

By Jean Bradley
Telephone 479-9321
A Crackdown on speeders is being enforced by Mokena police as a result of a letter sent to Chief Wayne Ryder by the village board.

Action came after complaints had been registered by school officials and parents about fast driving that endangered the lives of school children.

Chief Ryder and another officer are patrolling the village side streets and Wolf Rd. during peak traffic hours. Since the crackdown began, the village has collected \$800 in traffic fines. Traffic has increased in our village since the closing of U.S. 45, whereby traffic is being detoured from Rt. 45 along Wolf Rd.

The age of the speeders ranges from 18 to 48, and they are usually arrested for driving 10 miles or more over the speed limit...

George Manikas
answers your insurance Questions

QUESTION: When a car is stolen and left somewhere wrecked and stripped, does the insurance pay for all that damage before returning it to the owner?

ANSWER: Yes, the insurance company wants to return the car to the owner in the same condition as before it was stolen or pay for the damage.

Astros Meeting

SOUTHWEST -- The Argonne Astronomy Club has announced two October activities, one indoors, one outdoors.

An October Deep Sky Objects Observation party is Friday. Objects of interest will be star clusters, Nebulae, Galaxies, and also the planets Saturn and Mars. The place is the silo on Bluff Road. Go 2.1 miles south from the intersection of Interstate 55 with Lemont Road. Then turn east on Bluff Road and go east and north for one mile. Everyone is welcome with or without telescopes.

The March 1970 eclipse expedition is the October meeting subject. Experts of the evening will be Frank Mraz and David Larson. This will be primarily a run-down on equipment and techniques to be used by amateurs in the coordinated Astronomical League effort. Come to Room J183 of Argonne's Chemistry Building at 8 p.m. on Wednesday, Oct. 15.

Cards For Sale

ROMEOLVILLE -- St. Andrew's Hi Teen Club is taking orders for Christmas cards this Sunday following each mass at the parish, according to Dan Tappen, club moderator.

Rummaging

LOCKPORT -- The District 92 Band parents will sponsor a rummage sale Friday Oct. 17 and Saturday, Oct. 18 at Mudrochs Store on Collins St., in Joliet.

Anyone wishing to donate usable clothing, household items, and small furniture may contact any band member or parent, or take the articles to one of the following drop-off areas: Brun-

ning, 13909 W. 145th Pl.; Forest Hills, Forest Lane, off 147th St.; Forest Manor, 520 Shetland; Bonnie Brae, 303 Edinburgh; Creekwood and Spring Creek, 79 Hickory; and Ludwig, 102 N. State St.

Offering Advice

SOUTHWEST -- Anyone who wants to get information about financial help that is available to pay for college expenses is invited to hear the second annual Financial Aids panel. The meeting is Oct. 16 at 7:30 p.m. in the Joliet Catholic High School gym.

Guidance counsellors at the three participating schools will also be available for college information. They are Mr. Ward, Joliet Catholic High School; Sister Vivian, St. Francis Academy; and, Pat Sullivan, Providence High School.

The panel members will be Mr. Ralph J. Godzicki, administrative director of the Illinois State Scholarship Commission; Thomas J. Dyba, director of admissions, St. Procopius College; and, Matt Flanagan, admissions staff, DePaul University. Question follow.

Receiving Art

SOUTHWEST -- Paintings will be accepted in the main lobby at Silver Cross Hospital between 10 a.m. and 2 p.m. on Tuesday, Oct. 14. The hospital's fine arts committee receives original art work for display and sale.

Most media are acceptable, and requirements are not involved. For more information call Herbert Neff, 727-1711, extension 628.

Authentic Show

LOCKPORT -- St. Clare's Guild of St. John's Episcopal Church will present a program of authentic English Renaissance music Tuesday, Oct. 14 at 8 p.m. The program will be held at the church, 11th and Washington.

The program will be presented by the "Old Town Renaissance Consort," which is made up of people who are dedicated to preserving this form of musical entertainment. They will also perform the "pavane," an ancient dance. The Consort's costumes are made to simulate those of old England. Admission is by donation.

Open House

SOUTHWEST -- Friends and well wishers of Calvin Roemer, 16, of Paxton, have been invited to an open house at the youth's family farm on Oct. 12 from 1 to 5 p.m. He lost both legs in a farm accident last March. Mr. and Mrs. Alvin Roemer have invited persons who extended kindnesses during the youth's recuperation. Persons may call 379-2990 for directions.

Zoning Board Hearings Set

LOCKPORT -- The Will County Zoning Board of Appeals will hold hearings Oct. 15, 1969, at 7:30 p.m. in the Lockport City Hall.

Name Student Teachers

SOUTHWEST--Two Lockport students attending Illinois State University at Normal have been named for teaching internships, better known as student teaching.

William Brill, son of Mr. and Mrs. William Brill of 923 Maitland Dr., will be teaching social science at Carl Sandburg High School,

Orland Park.

James Kalmes, son of Mr. and Mrs. James Kalmes of 311 E. Third St., will be teaching foreign languages at the Ottawa High School, Ottawa.

Other teaching assignments in the Southwest area include: Gary Schultz of Kankakee will teach social science at Lincoln Way High School, New Lenox; Patricia Musson of Springfield will teach psychology at Lincoln

Way High School, New Lenox; Jeanne Melka of Berwyn will teach junior high school in Orland Park.

Patricia O'Brien of Matteson will teach the mentally retarded in Oak View Junior High School and elementary education in Haines School, New Lenox, and Donald Hales of Guelph, Ontario, Canada will teach health and physical education and driver education at Lincoln Way High School, New Lenox.

HARRY OLDHAM, 39 Cass St., Lemont, recently marked his 25 year service anniversary with International Harvester Co. He is a foreman at the farm equipment and research and engineering center in Hinsdale. Oldham joined IH in 1944 as an apprentice at the Chicago Tractor Works. Oldham and his wife Virginia recently moved to Lemont.

They have three children: Charles, currently serving with the Air Force in Taiwan; Rick, a seventh-grader, and Patricia in the first-grade, both at Lemont Grade School. Oldham is a member of the Hampton Park Lions Club.

the title insurance for District 91, will act for the defendants in the case. Defendants are the Will County Board of School Trustees and its secretary, Boyd Bucher, and the District 91 Board of Education.

The trust company attorneys have until Oct. 15 to file answering pleas to a suit filed last month by the council and city to clear up the ownership question.

Colorado In Band Sight

LOCKPORT -- The Lockport Central - East Band was one of several who played at half-time in the 14th Annual High School Band Day held at Northwestern University's Dyche Stadium, Saturday, Oct. 4.

The band plays at all home football games and will lead the Homecoming Parade Friday, Oct. 10.

The Central - East Band Boosters are currently planning fund raising projects which will support a tentatively scheduled concert trip to Colorado next summer.

All band parents are urged to attend Band Booster meetings, held on the third Tuesday of every month in the Central cafeteria at 8 p.m.

Officers for the coming year are Ewing Balin, president; Walt Johnson, vice president; Barbara Hewrong, secretary; and Helen Fisher, treasurer.

The average South Carolinian has a checking account balance of \$1,135, a survey showed.

40 reasons why the electric dryer stacks up as a better buy.

Electric dryers are priced up to \$40 less than comparable gas models. This savings can represent about three years of cost-free drying under average family use.

The electric dryer surrounds your wash with gentle radiant heat, so your clothes are always soft and wrinkle-free. The economy and space-saving convenience of electric dryers enable you to give your family a sunshine-free wash, day or night, in any season. Put a little more sunshine in your life—the new, radiant electric dryer.
